Functional Communication Plans: An Essential Tool for Supporting Non or Minimally Speaking Students

October 21, 2020 at 7pm

The ability to communicate is essential for all students. Are you satisfied with how your student is developing communication skills? Do you feel there is more that could be done to help your student express what they know?

Join us for an online panel discussion to learn about Functional Communication Plans (FCPs), a tool that many parents are unaware they can request.

Find out more and register at www.xminds.org.
